Retransmitted to the Commissioner.

2. The Anti-filarial scheme at a cost of Rs.40,200/- was continued during the year 1953-54 with the following staff ~~sx~~ as sanctioned by Government in their order MS.No. 1748, H. Department dated 8.5.53.

1) Two Sanitary Inspectors trained in Anti-Mosquito measures.
2) One Laboratory Assistant.
3) Four Field Assistants.
4) Thirty six mazadoors.

In G.O.MS.No.4204, H. dated 22.12.1953 Government accorded sanction to the comprehensive scheme as proposed by the Director of Public Health for the Mangalore Municipality and also to the employment of an Entomological Assistant till 31.3.54. His pay and allowances were met from state funds. The gross sanctioned cost including his leave and pensionary contribution has to be met from municipal funds.

This scheme comprises of Antilarval measures by spraying Gammexane P.520 with water suspension of stagnation and drains. The area of operations extended to about 8 square miles and the town divided into 2 circles. The Chief method of control was against the ~~h~~ugnatic stages of mosquitoes All drains and stagnations were treated weekly with Gammexane suspension with water. In some places light diesel oil was used to check breeding. DDT.aeromax soap emulsion was used for residual spraying of houses on payment of cost by the parties concerned.

The total number of bloodsmears taken during the year was 4646 out of which 592 were declared positive, filaria inspection rate was 19.7% and percentage of mosquito density was 19.5.

The Entomological Assistant has been provided with a

separate Laboratory and Office and a sum of Rs.20/- p.m is being paid for the building used by him for the above purpose.

There are twenty eight sprayers out of which eight were purchased during the year. Two new Maruthi foot sprayers were also purchased.

The special survey unit deputed from the Malaria Institute of India, Delhi temporarily for 3 months on the invitation of the Mangalore Municipal Council and with the approval of Government in their order No.4204 H dated 22.12.1953 to formulate Anti-Filaria scheme and demonstrate the technique of control of Filariasis in this municipality arrived here and commenced work on 1.2.54. Council sanctioned Rs.2500/- to meet the T.A. and D.A. expenses of the above unit and Rs.10,000 for the purchase of Hetrazan to implement the proposal of the Asst.Director, Malaria Institute for mass therapy as a part of the demonstration project for the control of filariasis by taking a population of about 5000 above 2 years of age in a particular locality and to give them the above treatment for a period of five days.
